Wild Gold – game rules

Wild Gold is a 5x3, 10-payline videoslot with a loud, vivid theme which pays left to right, right to left or in the middle, and which features multiplying wilds which can stack on three of the five reels.

Return To Player (RTP): **96.15%**

GAME RULES

- 5x3 videoslot with 10 fixed paylines.
- The reels have 9 symbols, 8 regular symbols and the Wild Gold symbol.
- The player is paid for matches of 3 or more symbols landing on adjacent reels (see Paytable).
- Each payline is evaluated and paid from left to right, or right to left, or in the middle of the reels depending on which of these provides the largest possible payout.
- Only the highest matching combinations per winning line is paid.
- Simultaneous or coinciding wins on different paylines are added and paid.
- The bet level is set using the BET LEVEL selectors.
- AUTOPLAY automatically plays the game for the selected number of rounds.

GAME FEATURES

Multiplying Wilds

- The 'Wild Gold'
- A symbol that exists on reels 1, 3 and 5.
- The Wild Gold symbol substitutes any symbol to create the highest possible win on a payline.
- If involved in a winning combination, the Wild Gold symbol will reveal itself to be a x2, x3 or x7 wild multiplier.
- All winnings with a substituting Wild Gold symbol are multiplied with the corresponding multiplier.
- Wins with the same Wild Gold symbol on different paylines have the same multiplier.
- In the case of more than one multiplier in a win, the multipliers multiply together.

Card Gamble

- The card gamble can be entered by clicking the card gamble button after a win.
- The player can gamble their win by clicking on a suit colour (red or black) or a suit symbol (hearts, spades, clubs or diamonds).
- The game will then reveal a random card.
- In the case of a suit colour gamble, if the player's choice matches the colour of the revealed card then they win double their bet.
- Picking either a Red or Black card, there is a 50/50 chance of winning.
- In the case of a suit symbol gamble, if the player's choice matches the suit symbol of the revealed card then they win quadruple their bet.
- The history shows the last 5 cards to be drawn of the current gamble game.

Wild Gold – game rules

- Players can choose to collect their winnings or to gamble it again.
- If the player's choice is incorrect, the gamble amount will be lost and the game is finished, returning the player to the main slot game.
- The card gamble option is available when the 4x the current game round win amount is less than or equal to a maximum of €30,000
- The maximum win for Card Gamble is the amount \leq €30,000. If any further win in the card game could possibly exceed this value then the card gamble game will end.

POP-UP MENUS

Bet Amount

The bet amount pop-up menu displays all available bet/line and payline options. The currently selected amount is highlighted white. The player can also click on the 'Back' icon, to return to the main game screen without making any changes to the bet amount.

Autoplay

The autoplay pop-up menu allows the player to select a number of spins to autoplay. To do so, the player clicks on one of the available spin number options. This button will then highlight white. The player must then set a loss limit (must be greater than 0) and then click on the spin button to confirm their intention. The menu is then hidden and the player is returned to the main game screen, with autoplay active.

Gamble is not available during autoplay, however, the player may opt to gamble any winnings awarded on the final spin.

The player may also choose to set optional conditions to automatically stop autoplay. These include:

- Stop autoplay on a single win of a player-stipulated value.
- Stop autoplay if the balance increases by the amount the player specifies.

Note: If you are disconnected while playing, all autoplay settings will return to default when you reload the game.
