### GAME FEATURES

#### Special Nudging HP1

- HP1 comes as both a single-height symbol and as a special nudging symbol which can reach a full height of 5 symbols high.
- The special nudging symbol can only appear on the middle reel.
- With every win, the special nudging symbol will expand and trigger a free re-spin of reels 1, 2, 4 and 5.
- Each nudge increases a win multiplier by +1 up to a maximum of X5.
- Once the free re-spin has concluded and all wins evaluated and paid, the multiplier is reset to x1.
- A loss in the subsequent free re-spin resets the multiplier back to x1.
- The full-height wild symbol substitutes all symbols except for the scatter symbol.

#### Bonus Symbols

- Bonus scatters can land anywhere on the reels.
- Whenever 3, 4 or 5 scatters land, 12, 15 or 20 free spins are awarded respectively, and the player is taken to Freespins bonus feature.

## FashionTV Highlife – game rules

- It is only possible to trigger Freespins on a paid base game spin (not on a free re-spin or in the Freespins bonus feature).

### Freespins bonus feature

- Every nudge in the middle reel increments the win multiplier to potentially deliver a total feature win of up to 20,000x
- In the case of a loss in the subsequent free re-spin, the current multiplier will stick.
- Each win is multiplied by the value of the multiplier at the end of the free spin or free re-spin.
- There are no scatters on the reels during freespins, and freespins cannot be re-triggered.
